

30+ Fresh and Lovely Leaf Logo Designs

Ebrian Acebedo

Technically, a leaf is usually thin, flat and very vital organ of a plant which serves as an energy absorber that is used for survival. To say it short, a leaf is responsible in making the rest of the plant alive, healthy and, well, green. Therefore it signifies these vital characteristics plus, it also suggest prosperity, abundance, and vitality. It is so amazing how a simple leaf can give life to a big and great tree. All that has been said, it would be smart and helpful in adding these wonderful qualities to your logo designs.
